explore your heritage...

Churches, chapels, mosques, gurudwaras, synagogues and other faith sites are 'treasure houses' of history. They contain carvings, wall paintings, green men, roof bosses, gargoyles and heads, monuments, stained glass and more. Very few ancient sites are built in the style of one architectural period. Their history can be traced through a jigsaw of architectural styles. Faith sites are also keepers of community heritage - churchyards are a veritable 'who's who'.

South Yorkshire has a wonderful heritage of faith buildings peppered across the countryside and nestling in our towns. We hope you enjoy exploring those that have opened!

how to visit...

Our heritage faith sites will all give you a warm welcome. However, please bear in mind that they are all working buildings, and as such sometimes have to accommodate services and other activities at the last minute. Therefore, if you really wish to visit a particular site we advise you to call and check.

We have given directions to each site if you are traveling by car. If you want to travel by public transport please ring 01709 515151 to check services and times to each.
